

NATURALS COLLECTION

LLOYD LOOM OF SPALDING
QUALITY FURNITURE HANDMADE IN BRITAIN

LLOYD LOOM NATURALS COLLECTION

The idea behind the *Naturals Collection* came from Lloyd Loom of Spalding's desire to enhance its environmental focus by providing a unique and all encompassing line of ecological furniture for exclusive hotels and restaurants as well as domestic customers.

As a responsible manufacturer in a world increasingly sensitive to environmental concerns Lloyd Loom of Spalding presents a range of furniture that combines the best in design and sustainability.

This has been achieved by sourcing high quality eco-friendly components and raw materials and using them in ways that have the least effect on the environment.

At the heart of the *Naturals Collection* is our new *Naturals Weave*. Made using traditional methods on Lloyd Loom machinery *Naturals Weave* is crafted from 40% recycled Kraft paper that has been pre-dyed by an environmentally friendly water-based dyeing system. *Naturals Weave* is 100% colour fast and extremely hard wearing.

By using *Naturals Weave* we have increased the endurance of our furniture. It now withstands chipping which means that our furniture will look its best for longer than ever.

To enhance the collection, Lloyd Loom of Spalding offers *Naturals* furniture in a choice of one of three stylish *Oak*, *Beech* or *Walnut* frames. *Naturals* was developed by Lloyd Loom of Spalding, the only genuine, British manufacturer of quality handmade Lloyd Loom furniture.
