LLOYD LOOM NATURALS

At the heart of our *Naturals Collection* is our new *Naturals Weave*. Made using traditional methods on our Lloyd Loom machinery *Naturals Weave* is crafted from 40% recycled Kraft paper that has been pre-dyed by an environmentally friendly water-based dyeing system. *Naturals Weave* is 100% colour fast and extremely hard wearing.

By using *Naturals Weave* we have increased the endurance of our furniture. It now withstands chipping which means that our furniture will look its best for longer than ever.

To enhance the collection, Lloyd Loom of Spalding offers *Naturals* furniture in a choice of one of three stylish *Oak, Beech or Walnut Finish* frames. *Naturals* was developed by Lloyd Loom of Spalding, the only genuine, British manufacturer of quality handmade Lloyd Loom furniture.

CUSHIONS & FABRIC

Most of our chairs can be supplied with 1 or 2 inch cushions,

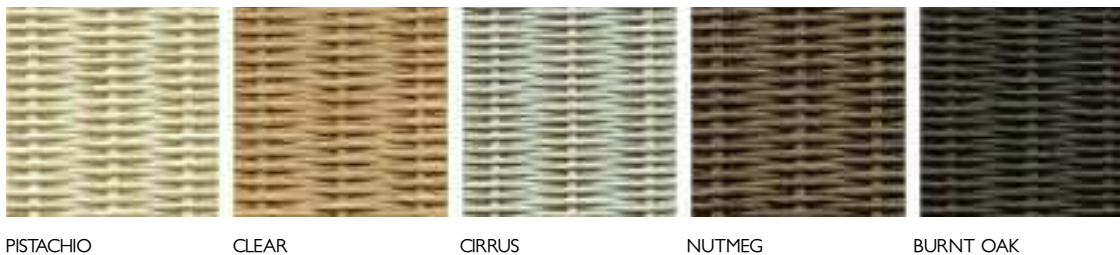

If you would like to use any other fabrics (Customer's Own Material) for cushions or upholstery we would be pleased to arrange this for you.

STANDARD WEAVE COLOURS

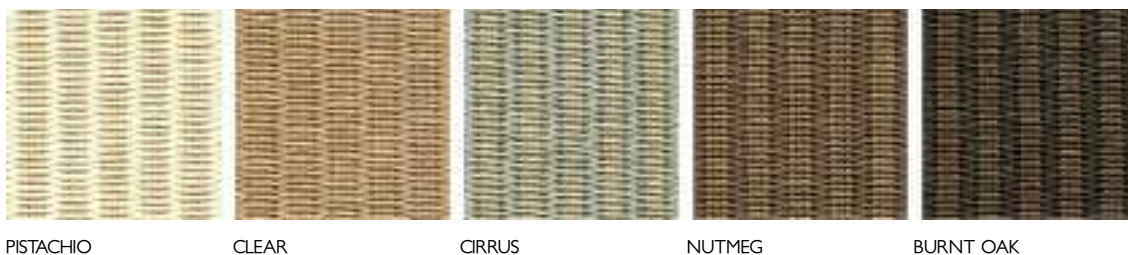

These are our standard weave colours. We can also supply any of our back catalogue colours, any Farrow & Ball or any RAL colour for a small surcharge. All colours are represented as accurately as the print process allows. Please contact us for swatches.

NATURALS WEAVE COLOURS

Naturals weave is a new material made from pre-dyed paper. It can be used on most of our chairs and is standard on the Maia, Sereno and Laziz. All colours are represented as accurately as the print process allows. Please contact us for swatches.

NATURALS LOOMTEX COLOURS

Loomtex weave is made from pre-dyed paper and flax cord. Loomtex is used in the Oyster range (p23) and can also be made into rugs and carpets - in which case a variety of patterns is available. Please contact us for further information on floor coverings. All colours are represented as accurately as the print process allows. Please contact us for swatches.

OUTDOOR BOSSANOVA

OUTDOOR LLOYD LOOM

Our All Weather Lloyd Loom collection is woven from Rehau cord. The furniture is fully UV resistant, weather proof and can be used inside or left outside all year round.

We believe that our manufacturing process is unique to Lloyd Loom of Spalding. Our chair frames are produced from high quality aluminium or galvanised steel. The Lloyd Loom look is achieved by weaving together strands of synthetic material to emulate the twisted paper of our traditional material. Each vertical strand in the warp, also contains a stainless steel wire just like traditional Lloyd Loom material. Our outdoor furniture is hand woven in Java, Indonesia.

Our outdoor pieces are woven from a selection of three colours, please check the item descriptions for colour availability. Please contact us for information about cushions and fabrics.
