

LLOYD LOOM OF SPALDING
QUALITY ALL WEATHER FURNITURE 2009

ALL WEATHER LLOYD LOOM

For many years we have been asked whether our classic Lloyd Loom furniture can be used outdoors and left in the rain and even snow?

Because it is made from twisted paper and paper covered wire we have always believed that traditional Lloyd Loom weave is unsuitable to be left outside. Even the strongest paint finish would eventually deteriorate and the paper would begin to break down.

To overcome this, we launched our All Weather Lloyd Loom collection woven from Rehau cord. The furniture is fully UV resistant, weather proof and can be used inside or outdoors.

We believe that our manufacturing process is unique to Lloyd Loom of Spalding. Our chair frames are produced from high quality aluminium or galvanised steel. The Lloyd Loom look is achieved by weaving together strands of synthetic material to emulate the twisted paper of our traditional material. Each vertical strand in the warp, also contains a stainless steel wire just like traditional Lloyd Loom material.

CONTENTS

- BOSSANOVA ARMCHAIRS - 4
- BANTAM CHAIRS - 6
